NEW GOODS! NEW GOODS!!

AT

Creech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Why, just look, the streets filled with drays all loaded with new Goods

FOR CREECH'S.

Just received, 50 CASES OF DRY GOODS, containing a large and varied assortment; and when you talk about Dress Goods, and when you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and not opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 8 cents per yard; want you look at them at 10 cents? and can you afford to buy them at 12½.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and if you find the do know, come right along and buy what you want. I have got some for the boy's, plenty for the youth's. A fine supply for the young men and enough to keep the old gentlemen warm, so why not spend a few moments at Creech's and satisfy yourselves?

There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed along
The listening winds received the song.

Come to Creech's.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $5.00. Do you want them cheaper? same quality. Can't find them? Do you want them finer? I am just the man that has them. 8, 7, 9, 10, 12, 15, 20, 25 and 30 dollars; do you want them finer still? Just say so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, if the poor beasts are wearing out, and your shoes have a hole in them, or you had just as well come to Creech's and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Prices right; Styles right; and did you know that Creech's is the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets; Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands, and I hope, by strict attention to business, representing goods as they are and in every instance giving you the worth of your money, to continue to share a liberal portion of your patronage.

DR. J. B. DUNN,
SPECIAL ELECTION 26TH NOVEMBER.

FRANKLINTON CONVENTION.

The delegates to this Convention are requested to meet together on FRIDAY THE 11TH DAY OF NOV. next, at 12 o'clock M., at Franklinton, in order to nominate a candidate of the Conservative party for the House of Representatives of the United States, in the place of the Hon. Robert B. Gilliam, deceased. A full attendance is anxiously desired. WM. EATON,

THE STATE DEBT &c.

The carpet baggers, who are said to edit the *Standard*, say that the State debt, approximates $35,000,000. But we say, if the interest which has accrued in the last twelve months be added, it will exceed $35,000,000! They say that of this $17,000,000 is an old debt, bequeathed by Democratic administrations. We admit it. But Democratic administrations were careful to see that the bonds which created this debt, were legally authorized, were placed in proper hands, and were so disbursed, that the State received a fair consideration for them, and all the internal improvements in the State, for which the State contributed, were the result of these appropriations. It is therefore a just debt, which we are unwilling to repudiate.

They further say, "the remainder, wisely or unwisely, has been incurred, ostensibly for public improvements." We say, the remainder was chiefly incurred in violation of the constitution, corruptly and illegally procured, fraudulently expended, not for public improvements, but for the private benefit of the scoundrels who manipulated the fraud. And further, that the public improvements of the State have not been benefitted by those appropriations to any extent.

They further say, "it is dishonest and disgraceful to repudiate a just debt and that it is not repudiation to refuse to pay a debt which is illegal *ab initio*. We agree fully with the *Standard* in the statement, and we have made no proposition to the contrary.

Moreover, they admit that the present population of the State with their present means, cannot pay $35,000,000 of public debt, as the interest on such an amount added to the ordinary expenditures of the government would be "intolerable." We go further and say it is impossible as the property of the State, estimated as high as $150,000,000, if sold for cash under the Sheriff's hammer, would not produce the necessary amount to pay the tax, unless Northern capitalists were to come into the State, and buy up the property on speculation. Taxation would irreconcilably ruin the present population.

But the carpet baggers contend that "the debt can be paid by inviting immigration." Is an invitation all that is necessary? Have they not been invited? Has not the N. C. Land Company and other agencies been actively employed and spent their money, to invite the Northern people, the Scotch, the English, the Irish, the Germans, the Swiss, the French, &c., to come and settle among us, to but little purpose? Have not our people and praises invited them? No one has invited the carpet-baggers to come among us—men whose object was to control and govern the politics of the State for sinister purposes, that they might get rich out of our poverty, fill all the important offices of the State, and then leave as soon as they were ousted? No one wants any such pests among us. They are fetid nuisances, and ought to be gotten rid of.

These land Agents and all our Democratic-Conservative people have invited and urged, the honest and skilled farmers of every clime to come among us, to make their homes with us and to help us work our cheap lands and to make fortunes. Why have they not come? There are several reasons. First, the Northwestern agents and Railroad monopolies having much money and being more active, have outstripped us in our efforts, so that the stream of immigration still sets to the West. Secondly, the *Standard* and its party have kept up a constant alarm about Ku Klux Klans, and by false and exaggerated clamors about the disorders which have prevailed, have frightened immigrants from us. Thirdly, the addition of the $36,000,000 of debt, attempted to be incurred by the Radical party, have frightened them away. What intelligent immigrant seeking a home, would go where the party in power was seeking to engulf the State in irremediable debt? Fourthly, the Radicals of the North have been opposed to our getting additions to our population, by immigration, because they want them themselves, to add to their over-grown wealth. Moreover, the Radicals of the South are opposed to immigrants coming here. Nineteen twentieths of the Radical party in the South are negroes. Ask any negro of that party if he wants immigration? He will tell you no!

But the *Standard* says, a Convention can afford no relief. Who would expect carpet baggers who fill fat offices to advocate a Convention? Can a Convention afford no relief? Cannot a Convention reduce the number of unnecessary officers in the State? Can it not break up our present onerous Court system, our expensive county and Township system? Can it not reduce our State and county government expenses more than one half? Our entire State government, exclusive of public Schools ought not to cost over $250,000, instead of $700,000!! The Convention can do this.—Moreover, it can change the Constitution which positively requires the prompt annual payment of the interest of the public debt, which now reaches $2,100,000 annually, if the debt is $35,000,000, which under Radical rule is obsolete, and it can change all the obsolete and oppressive exactions of the Constitution, which a Legislature cannot change.

KEEP IT BEFORE THE PEOPLE, that a day or two ago, the *Standard* said a State Convention would cost $100,000. Yesterday it said, it will cost $200,000. What will it say to-morrow? We say, it will not cost $30,000 and will save millions to the people.

Keep it before the people, that the *Standard* speaks falsely, when it charges that Dr. Dunn belongs to that party which declares that the 13th, 14th and 15th amendments of the Constitution are null and void. Dr. Dunn's party said they were unjust and wicked towards the South, but acquiesced in them for peace sake because the majority say so, and that they are therefore in full force and that *it does not propose to change them*. We dare the *Standard* to tell its readers, the truth and the whole truth and nothing but the truth, as to the amendments which the Democratic Conservative party, intend to ask the people for. It is afraid to tell the people the truth. We dare it to tell the plain, honest truth about it.

You will not be allowed to use your weapons of murder in the next campaign. The election will be *free* in every neighborhood. Every man will go to the polls and vote as a *freeman*, and not as murderous brigands may order. Carry the election freely and fairly and we will submit to the verdict of the people without a word.—*Standard*.

What do these carpet baggers mean? When in the name of truth and candor, did Democrats and Conservatives use weapons of murder during a political campaign? It is a libel that ought to make even carpet-baggers blush. It was Holden and the Radicals that used weapons of murder, and only these, in this State. The Conservatives and Democrats are the only true advocates of a free election. It is on Ely Grant, and Holden, and Pool, and Settle, and Pearson, and the Radicals who countenance the raising of armed men with weapons of murder to prevent free elections. Look at North and South Carolina, and Georgia, and Alabama and Texas and last but not least, New York!

Every vote for S. F. Phillips is a vote for peace.—*Standard*.

What sort of a *peace*? Did not Mr Phillips approve of Holden's war upon the people of the State? Will he not, if elected, contend that the State shall pay the expenses of the unconstitutional and illegal raising of State Troops by Holden, and quartering them upon the people of Caswell, Alamance and Wake? Will he not insist upon the abused and victimized people of Caswell and Alamance, paying largely for that expense, after suffering so much by the killing and murder of Kirk's men? Will not Mr. Phillips insist that the county of Wake shall pay the expense of Richardson's company and other illegal and wicked expenses incurred unnecessarily and uselessly by Holden? Look to this, people of Wake. Vote for no man who will vote for such measures. Vote for Dr. Dunn who will oppose all those illegal and useless expenses upon the people.

The law passed by the Congress, which seems to justify Federal judges and the President to interfere in the election of members of Congress in the States, and which Judge Bond took advantage of to appoint supervisors of the election in Charleston, S. C. and by which the President now sends troops to New York city, is so palpably violative of the fundamental principles of the government and of the Constitution, it is surprising any one should advocate it. But why talk of fundamental or organic law or Constitution to a party, which knows no law which opposes its will and makes laws to suit, whether subversive of the government or not? We have only a Republic in name and under Radical control a very tyrannical one at that.

The *Standard* has the impudence to charge upon the Democrats, that they suspended the benefits of the writ of *habeas corpus*. When? Was it not during the war and in accordance with the Constitution and laws of the *de facto* government. But what does it say of the wicked, illegal and unconstitutional acts of Holden, Pearson Settle and Dick, who virtually and in fact suspended the writ of *habeas corpus* in North Carolina, during profound *peace*? If Holden, Pearson, Settle and Dick, had been Democrats and Conservatives, and had acted thus, the President and the U. S. Judges would have arrested them for assuming such high unconstitutional prerogatives, and put them in the Penitentiary. Yet that pink of consistency, the *Standard*, makes an ado because the Confederate government suspended *habeas corpus*, while a bloody war was waging.

NEXT WEEK.—The politicians are breathless for the news of next week from the elections. On Monday, the elections come off in Louisiana and Arkansas, and on Tuesday in Maryland, Delaware, Florida, Illinois, Kansas, Kentucky, Massachusetts, Michigan, Minnesota, Missouri, Nevada, New Jersey, New York, Rhode Island, Tennessee, Virginia and Wisconsin.

It is said that Gen. James Longstreet, the too-much trusted friend of Gen. Lee in the late Confederate army, but now a lackey of Grant and U. S. Surveyor of Customs at New Orleans, refused to let the flags of the Custom House be lowered at half mast in respect to the memory of Gen. Lee at the time of his death. O! filthy lucre, what a demon art thou!

ADDRESSES OF DR. PHILLIPS AND GOV. GRAHAM.

An intelligent correspondent of the Charlotte *Democrat*, gives the following lengthy and appreciative notice of the addresses of Rev. Dr. Phillips and Gov. Graham, delivered at our late State Fair. As they are more full than any notice we could make at the time, we transfer these notices to our columns:

Dr. Phillips' address on Thursday was an attempt to impress on the hearers that the successful men of a time are the observers of the signs of that time. He began by giving some reasons why it was not improper for him, a teacher of the purest of abstract sciences, to appear before those who represented the most practical of arts. He plead in excuse for his apparent presumption the precepts and example of Gov. Swain, with whom he had lived in habits of close intimacy for more than thirty years. Gov. Swain always insisted on every son of North Carolina doing every honorable thing he could for his native State. Dr. P. also plead gratitude to the farmers as a reason why he intruded himself on their attention. For all that we eat, drink or wear comes from the ground by the help of those who till that ground. He also set forth some of the analogies between the labors of those who tilled the soil and those who trained the soul, to show that a natural sympathy existed between farmers and teachers. Because of this sympathy a teacher might be excused for presuming to address farmers at the great Fair of their State. Dr. P. then went on to show that as one nation shows a different spirit from another nation, and as the climate and form of one country exerts over its inhabitants a power different from another country, so also different periods in the history of mankind have been marked by the presence of different aims. Nowadays everybody seems to be trying to determine how much can be done in a given time. According to this spirit of the time must the farmers in North Carolina work or they will work in vain. To use time economically themselves, and to be surrounded by those who will not waste it.—Dr. P. insisted that the farmers of North Carolina, its land-owners, its land-renters and its land workers, must see to it that in this State there is a University of a grade to promote and encourage all useful learning. This encouragement and promotion will be felt in the common schools with which the State ought to be filled, so that every child in North Carolina, white, black and Indian, should have a chance to learn through reading, writing, arithmetic and geography, how to become an intelligent and worthy citizen, whatever be his lot in life. According to Dr. P. the Schools and Colleges of our day are, by far, its most powerful time savers. Next to these he recommended farmers' clubs, well made implements for farmers' use, skillful mechanics for the repair of tools, stock and seeds of generous kinds, and good roads, especially that poor man's friend, the railroad. Some speeches sound well, but do not read well. Others read better than they sound. This address was said to sound well. As it has been asked for, that it may be printed, the public may have a chance to know by reading to which class it belongs.

Gov. Graham's memorial of Judge Ruffin was in all respects worthy of the author and of its subject. Whatever Gov. Graham does he does after due deliberation and with much dignity. The work before him on this occasion was remarkably well suited to his taste, pursuits, attainments and high social as well as official positions. Some of his friends thought that he never appeared to better advantage than when presenting his judicious and truthful portrait of his friend who, although of great authority as a jurist, was no less successful as a banker and as a farmer. According to Gov. Graham, Judge Ruffin increased the power of a naturally clear mind by the discipline of an excellent education. This power he kept constantly active by great diligence in his business. Whatever he had to do he always did with all his might. By this magic he might kept unimpaired to the last of his long bright and useful life. His admirable use of the English language he owed in part to the severe drilling in the ancient languages which he underwent at the hands of his school teacher, an Irishman by the name of George, who taught many years ago in Warrenton in this State. The remarkable completeness of his arguments was determined, in a great measure, by his habit of reading demonstrations in Geometry all the time he had to discuss and decide great questions in law or in finance. Judge Ruffin trusted nothing to chance, and everything to diligence and vigilance. In politics he was a Democrat of the Jeffersonian school, and for many years sympathized with the teachings of his eminent kinsman, Mr. Ritchie of the Richmond *Enquirer*. While studying law in Petersburg under an eminent Scotch lawyer, Mr. Robinson, he was an office-mate of Winfield Scott, who afterwards became so famous as the leader of our armies. Their friendship then formed was continued through life, and in his autobiography, Gen. Scott has recorded his opinion that if Judge Ruffin's wise and patriotic suggestions had been followed by the famous Peace Congress of Washington City no attempt at rending this mighty country would have been made as necessary. It is to be hoped that Gov. Graham will accede to the request that has been made and allow the young men of our country an opportunity of mounting their lives by the example of Judge Ruffin, the accomplished lawyer, learned Judge, far-seeing financier, skillful farmer, hospitable neighbor, upright man and devout christian; an example most worthy and one which, while contemplated, recalls the words of Scripture, "Seest thou a man diligent in his business? He shall stand before Kings; he shall not stand before mean men."

The Tammany Hall Democracy had a grand procession and mass meeting on Friday night to ratify the nominations. The organizations of each ward fell into line on Broadway with lanterns and bands, and formed a procession extending from the City Hall to Union Square. At that point at 9 P. M. the streets for many blocks were a solid mass of humanity. Several stands were erected in the Square, on which there was speaking. During the evening, the Tammany Hall meeting was organized. The principal speaker was Governor Seymour, who dwelt chiefly on questions of commerce and transportation, and lauded Governor Hoffman's canal policy. Addresses were also made by the Hon. M. C. Kerr, of Indiana, James S. Thayer, William M. Tweed and other prominent Democrats. Frequent allusions were made to the intention of the Federal authorities to interfere, with armed troops at the election, but no purpose to resist was announced. The meeting is claimed to be the largest ever held by the Democracy in New York.

THE "PALACE STOCK CAR" is a recent invention to manufacture which a company has been formed at Chicago. It is intended to relieve the sufferings of stock shipped in the ordinary way, as well as to save time, loss in weight, feed, &c. The cattle can be fed and watered with the train in motion and it is said are made comfortable in every respect.

CANDIDATES FOR CONGRESS.

MR. EDITOR: In view of the short time intervening before the day of election to fill the vacancy occasioned by the death of the lamented Gilliam, it is necessary for all good and true Conservatives to act harmoniously and unitedly, to bring forward their strongest man, and work vigorously for his success, in order to complete the glorious victory won in August last. With all due respect for the claims of other counties and without wishing to draw any invidious comparisons, it must be admitted by all, that the nomination should be given to the county of Chatham. That county secured the election of Col. Rogers and Judge Gilliam by reason of the very remarkable revolution there, the majority for the Constitution in 1868 being 685 votes, while that for Hon. S. H. Rogers was *nine hundred and eighty one*, a clear gain of nearly *seventeen hundred* votes. Among the many nominations, during many years past, for State and District candidates, not one has been given to Chatham, so that it would be but just and proper to give her this. It would also be well to consider that the heavy majority given Mr. Rogers in that county may be so materially reduced, because of the small vote which would be given, as to defeat our candidate in the district, unless one of their own countymen was nominated in whom the people of the county would feel an especial interest, and for whom a heavy vote would be polled so as to increase the majority to 1,200 or 1,500, thus securing his election. If then, that county has such peculiar claims for the nomination, let her have it, and no one among her citizens could be more deservedly honored, and no one would more honor his fellow citizens, than that able lawyer and staunch Conservative, JOHN MANNING, Jr., Esq. This gentleman would receive a larger vote in Chatham than any one else, and an equally large vote in the District as any one could, being most generally and favorably known. His disabilities have been removed, and that too *without* any *application* on his part, so that if elected he would have no trouble in taking his seat in Congress.

Nov. 1, 1870. CONSERVATIVE.

[We would suggest to our Chatham friends and to all the counties, if there is any special reason why one county is more entitled to the nomination than another, (and we admit Chatham's claims) send up your delegates to the Convention in strong force and put in your claims. Let all agree however, that the selection of the strongest man in the district, does not disparage the claims of any. We go in to elect our man, (*i. e.*, the man who may be selected.]

B. Gratz Brown, the liberal Republican candidate for Governor in Missouri, in a recent speech comments as follows upon Grant's shameful and infamous interference in the internal politics of that State:

"He did not care the snap of a finger for the opinion of the President in his question of internal politics. He had been one of those who had helped to teach the President what freedom meant when he came to Missouri, in 1861, *declaring that if this war meant the liberation of the slaves he would strap off his epaulettes and abandon the service.* He intended to teach him further that freedom meant the liberation of all the white men of the nation, as well as the liberation of all the black men of the nation, and that he could not go back under the specious pretences of party policy upon the freedom of the white man after having accomplished the freedom of the black man."

THRIFTY MEN.—The Ohio *Statesman* says John Sherman abandoned his profession and went to Congress some years ago, worth say, about five thousand dollars. His wealth in Indian and railroad lands, National bank stock, Washington street railroads, etc., is now set down at between seven or eight hundred thousand dollars. Bingham is in the same lucky boat. He was one of the original incorporators of the Union Pacific railroad, which got 35,000,000 acres of the public lands, besides twenty millions of cash subsidies. There is no calculating his wealth. —Thrifty people, these Congressmen.

The Grand Jury of Chester district, S. C., have presented 65 colored persons for perjury at the late election. The Charleston *Courier* thinks that if they are convicted the Governor (Scott) who is a radical of the deepest die will pardon them all.

Mr. Wade, of the British Legation in China, telegraphs that Tien-Tsen is safe for foreigners; but famine prevails at Leuchang and muchexsperation prevails among the native population.

DEATHS AND MARRIAGES

We will insert notices of deaths and marriages when accompanied by a responsible name, without charge; but for the future we shall charge for all beyond a simple announcement of a death or marriage, our usual advertising rates, namely, ten dollar for every ten lines. Eight words is about the average of a printed line, hence by counting the words in the manuscript, one can readily come at the necessary amount to be forwarded—one dollar for every eighty words.

THE DAVENPORT BROTHERS.—These mysterious characters, jugglers, spirit rappers, wizzards or whatever they are, appear at Tucker Hall, as announced elsewhere, to night and to-morrow night. We had given but little heed to the announcement of their appearance until we read the Richmond, Petersburg and Norfolk papers, describing their wonderful exhibitions, which from the notices in the papers alluded to must be extraordinary and startling. We know not what powers they claim, or what explanations they offer, if any, for their wonderful feats. Committees of gentlemen in the various places they have appeared, have been appointed to watch and detect the deception, if there be deceptions, in their strange presentations, but have been able to discover nothing. Musical instruments played without visible agency, hands and arms moving in the air without connection with visible bodies, and divers other amazing, and even startling representations, are among the performances of these wonderful magicians or spiritualists.

After exhausting their powers of description our exchanges have generally admitted their inability to give a satisfactory explanation or description of the exhibition, and declare that to be realized they must be seen.

The Davenport Brothers remain in Raleigh but two nights.

To day, William Stinson, colored, suffers the extreme penalty of the law for the crime of rape; the execution will take place within the jail yard enclosure in this city. Only a very limited number of spectators will be admitted.

LAST CALL.—We ask the readers of the SENTINEL to remember the "Last Call" of Sheriff Lee about taxes. He says he will forbear collecting taxes by restraint until the 25th of November, but beyond that he cannot.

FRANKLIN.—Our correspondent who signs himself "Franklin" may have made some very important suggestions on the subject of a Convention, but after two or three ineffectual attempts to read his manuscript we give it up in despair. We are sure we have not a compositor who can decipher his chirography correctly. If our correspondent would take a little time and pains to write, he could do it well and legibly, but the practice of scribbling in great haste for the benefit of the public, in a style which none but the writer can read, if indeed he can, only subjects printers to a loss of time, and exposes them to severe censure for bad composition and bad proof reading. We hope all our correspondents will take the hint.

ORNAMENTAL TREES, SHRUBS, &c.—We have received a very neatly gotten up price list, printed by Nichols & Gorman, of this city, of ornamental trees, evergreens, shrubs, vines, bulbous roots, flower seeds, &c., for sale by C. B. Denson, Pittsboro', N. C.

The catalogue embraces a large number of plants, &c, of choice names and varieties, and as this is the season for planting and transplanting many of them, we would call special attention of all who wish to beautify and adorn their grounds, and the owners of lots in Oakwood Cemetery in this city, and other resting places of the dead, to the selection of evergreens and flowering shrubs here offered for sale. A catalogue can be obtained by addressing C. B. Denson, Pittsboro'. His plants as well as himself are thoroughly reliable.

Carmer's Drug Store is in constant receipt of fresh drugs, cosmetics et. cet. We are indebted to Mr. Carmer for a splendid article of fine toilet soap.

The former proprietors, (the Norfolk merchants) of that excellent paper, the *Norfolk Journal* have sold out to five proprietors, styled "the Norfolk Journal Company," who promise to keep up the paper to a high standard.

An Autumn Suggestion.

Now, as heavy fogs arise and searching winds commence to blow; now, as the human body, exhausted like inanimate nature by the heats of summer, begins to wilt and droop; now, are the inclement winter makes its trying onset; now is the time for a preparatory course of the best acclimating medicine in existence: Hostetter's Stomach Bitters.

Fever and Ague is rampant in all parts of the country. Quinine, the physicians admit, will not quell the phase of the disease which at the present pervades the entire West. It is well that it is so, for the remedy (so-called) is deadlier than the malady. This if quinine is inefficient in intermittent fevers. Hostetter's Bitters is irresistible. It would be safe to make a contract, under heavy penalties, that any given "Fever-and-Ague District" should be exempted from the disorder for any particular time, provided every inhabitant would take the Bitters according to directions, during the term of the contract. There has never been an instance in which this sterling invigorant and anti-febrile medicine has failed to ward off the complaint when taken duly as a protection against malaria. Hundreds of physicians have abandoned all the original specifics and now prescribe this harmless vegetable tonic, and nothing else, as a preventive and cure for all the forms of chill and fever. Vigor is the thing most needful in these cases, as well as in dyspepsia and nervous affections, and Hostetter's Bitters are the safest, surest, and most wholesome strengthening preparation that human skill has yet concocted.

LOUISVILLE AND NEW YORK.

The NEW YORK *World* has the following printed double leaded article, on the conduct of Gen. Grant sending U. S. troops to New York to overawe the Democratic voters. We believe with the *World* it will not help the Radical party, but will arouse the Democrats to give a still stronger vote against them. This is a pretty Republican government, when armed soldiers are brought to the polls to intimidate a free people at the ballot box. This is what the South has felt for years and it is well to let the North taste it. If the people tamely submit to it, then we have no Republican institutions. What more could the Czar of Russia or the Sultan of Turkey do? Hear the *World*:

SOLDIERS IN OUR ELECTION!

A telegram from Washington announces that the administration has completed its military programme for our election. Gen. Terry is not to be in command, nor does it appear from the account that the Federal troops are to be under the direction of any responsible military head. *They are to be stationed at the Battery, in Union square, and at the office of the United States Marshal*, in readiness to be marched against our citizens at the call of any understrapper of a Deputy Marshal who gets it into his wise noddle that he may lawfully summon them to his assistance. The sending of troops here at all on election day is a great outrage. It is a bold trampling upon the laws of the State and the spirit of our free institutions. No free people on the face of the earth ever allowed the calling out of soldiers in the face of an election. Here is what the Revised Statutes of New York say on this subject: "If any officer or other person shall call out or order any of the militia of this State, to appear and exercise on any day during any election to be held by virtue of this chapter, or within five days previous thereto, except in cases of invasion or insurrection, he shall forfeit five hundred dollars for every such offence." There has always been a similar law in the other States; military terror in elections having been deemed by our fathers inconsistent with their freedom. The law of PENNSYLVANIA is in these words: "No body of troops in the army of the United States, or of this commonwealth, shall be present, either armed or unarmed, at any place of election within this commonwealth, during the time of such election." There has always been a similar law in England against the presence of soldiers in any town where an election is held. This administration is breaking down all the old bulwarks of liberty, and transforming our free republic into a centralized military despotism.

VIOLENCE IN MISSISSIPPI.—The assassination of Gen. W. F. Brantley, near Winona, Mi., as reported by telegraph yesterday, was the third of the kind near that place within the last two months. The first was that of A. J. Brantley, who was assassinated by some unknown party, two months ago; the second, that of Capt. Correr, cousin to Brantley, by a man named Collins, and the third, that of Gen. Brantley as mentioned in our dispatches yesterday.

The people of Missouri, are raising a fund to endow a professorship in the Washington Lee University to be called the professorship of Applied Chemistry.—O! for the day to come when something can be done for the North Carolina University!

Everything buds fair for a gay and lively time at the approaching Fair at Wilmington. Messrs. Sprunt and Wilson offer $160 in cash special premiums on cotton alone, besides various other special premiums by others, in addition to the very liberal premiums offered by the Society.

The disastrous consequences of the French and Prussian war are not only crippling both France and Prussia, but are ruinously felt all over our Southern States, in its depressing effect on the price of cotton. When will the world learn war no more! It is evil, only evil and evil continually.

Two new boarders for the institution at "Lovers' Rock," were started from Wilmington yesterday. They take quarters for four years each. Larceny was their besetting sin.

Hon. Jeff. Davis was in Richmond Va., on Wednesday. He is expected to visit Norfolk this week.

The Synod of Georgia, which met at Macon last week, elected a new Board of Trustees for Oglethorpe College.

The sceptors of the Lincoln statue in front of the City Hall, apologize for the crudities of their work, or the *Washington Star* does for them, on the ground of the difficulty they labor under of doing justice to Mr. Lincoln and to artistic taste at the same time.

ANNOUNCEMENT.

It is proposed by the Faculty of WASHINGTON COLLEGE, Va., to issue at an early day a MEMORIAL VOLUME, in memory of GENERAL ROBERT E. LEE.

This Volume will be issued with the concurrence and co-operation of General Lee's family. It will contain:

1. An authentic sketch of his life to the end of the late war.
2. An account of his administration as President of Washington College.
3. Incidents, reminiscences, &c., illustrative of his character.
4. An account of his death and funeral obsequies.
5. Selected Eulogies, Public Resolutions, Editorials, &c., on the occasion of his death.
6. Plans of Memorials designed to be erected in honor of his memory.

This Volume is intended to form a memorial which may be prized by all who love the memory of General LEE, and it will be issued in a form appropriate to this object. Its contents will be drawn from original and authentic sources, a large portion being prepared under the immediate supervision of General LEE's own family. The proceeds of its sale will be devoted to the erection of a worthy monument to his memory, at the scene of his last labors.

Contributions to this Volume, in the form of incidents or reminiscences, or of public eulogies, resolutions, and memorials of every kind, will be thankfully received and faithfully used, in order that the record may be made as worthy as possible of its great subject and of the love in which he was held by the people.

All newspapers friendly to this design are respectfully requested to insert this announcement.

Thursday Evening Dispatches.

WASHINGTON.

There has been a large meeting at Buffalo, N. Y., at which strong resolutions were passed against Chinese immigration.

The war between the Erie and Central Railroads for the Canada trade, on the suspension bridge is growing furious. The contending parties have attempted to burn bridges.

The young Democracy of New York endorse Hoffman; this indicates a healing of the Democratic split.

FOREIGN.

WASHINGTON, Nov. 3.—A ministerial crisis exists in Holland.

The Italians continue the Pope's order, excluding protestant worship from Rome. The protestant chapel remains outside the walls.

Refugees from Paris say, the Parisians are really discouraged by the anarchy which pervades France.

While the Pope's political authority is abolished forever, his ecclesiastical rights will be maintained.

The *World's* special says, skirmishes on the North and East of Paris resulted in favor of the French.

There has been no disturbance in Metz since the capitulation.

The Prussians claim that Paris has provisions for only a fortnight.

There and the King has had a three hours interview.

There was a military counsel held on Wednesday at Versailles, at which Bismarck was present. In the afternoon Thiers and Bismarck were closeted for a long time.

The greater portion of Prince Charles' army will operate in Central France.

It is reported that Thiers proposes to Prussia that he has or will accept an armistice on the English basis.

Washburne is preparing to leave Paris. The last batch of Americans leave this afternoon.

Bismarck replied to Granville that while no obstacle will be placed on the French elections, the consent of the French Provisional Government to hold the elections is wanting.

Bismarck fears the Paris Government, misinterpreting the motive of England, is encouraged to prolong resistance, and declares that Prussia is willing to receive and honestly consider any proposition from France which carries with it a grant no desire for peace.

The Prussians are moving Northward from Bonsonne.

NAPOLEON, Nov. 3.—One hundred and eighty of the 340 deputies in the Cortes favor Amela for the throne.

A cable from a private source in London says, advices from Tours represent the Red Republicans as again rampant at Marseilles. A proclamation just issued by the leaders announces the new republic, comprising seven departments to the South.

WASHINGTON, Nov. 3.—All government employees have leave of absence to vote.

The President to day had an hour's interview with Forney and Secretaries Morton and Thayer.

VIRGINIA.

RICHMOND, Nov 3.—Col. Jno. W. Jenkins nominated by the Republicans for Mayor. He advocates removal of disabilities from all citizens.

Twenty thousand people attended the Fair to-day. It closes to-morrow.

FOREIGN.

LONDON, Nov. 3.—It is certain that food for Bazaine's army for eight months was found in Metz.

The Prussians were stubbornly resisted at Dijon.

It is said that Prussia is apprehensive of a revival of Polish nationality under Prussian protection.

The wreck of the steamer Cambria lies in the course of vessels following the Irish coast through the North Channel, and is pronounced a dangerous obstruction to navigation.

The evening journals print a supplementary agreement in the capitulation of Metz; the city officials to remain or remain at their option undisturbed in person or property. None of the inhabitants either in active or military capacity to be interfered with, or held responsible for past hostile acts, or political opinions; those not wishing to have every arm, the families of officers and soldiers service in the armies of France, are not to be molested in any of their rights. Public property, with the archives, moneys and papers are to be protected; the fate of imprisoning of the wounded prisoners is also preserved.

The Journals of Tours declare that the more the facts of Bazaine's surrender become known, the more evident it was Bazaine's course was treasonable. Much stress is laid on the manner in which the officers and men were deceived in regard to the condition of France. The fact that 50,000 000 francs and enormous quantities of munitions of war were delivered to the enemy is also dwelt on as evidence of treason.

The Empress Eugenie has gone to Hanover; the Duchess of Hamilton and the Princess of Monaco have left Wilhelmshohe for Frankfort. No particulars of the interview between Napoleon and Generals Canrobert and Le Boeuf are reported.

From officers of high rank, escaped from Metz, the Independent *Belge* learns, that the protocol relative to magazines and mines was dictated by Bazaine of some act of desperation, such as followed the surrender of Laon. The soldiers insisted on fighting either for escape or continuation of the siege, and Generals Deligly and Clinchant desired to make a sortie, even after the surrender was known, but could not muster a sufficiently organized force.

BRUSSELS, Nov. 3.—The Independent *Belge* says: "We daily receive visits from escaped officers of Bazaine's army; their testimony is conclusive as to the treachery of their commander."

The municipal officers of Metz have issued an address to the inhabitants exhorting them to patience under the misfortunes for which they are not responsible; the country and history will exonerate the people of Metz from any share in the ignominy of the surrender.

VERSAILLES, Nov. 3.—In consequence of terms proposed yesterday by Thiers and accepted today by Bismarck, the latter offers France an armistice of twenty-five days, to allow a general election throughout France; the armistice to be based upon the military status in quo existing on the day of the signature.

TOURS, Nov. 3.—News from Marseilles very unfavorable.

The authorities of Lyons have published a resolution that it would be better to submit to any hardship rather than surrender the town.

PREPARED & SOLD BY
1840 1870

THE PAIN KILLER.

This celebrated medicine has won a deservedly high reputation as an alleviator of pain and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every family. It is recommended by physicians and persons of all classes, and to-day, after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the wide world. Its large and increasing sale affords positive evidence of its enduring fame. We do not deem it necessary to say much in its favor as one small bottle will do more to convince you of its efficacy than all the advertisements in the world. Give it one fair trial and you would not be without it for ten times its cost.

Directions accompany each bottle.

Sold by all Druggists.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing largest.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies of deceased members, about $4 000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $3,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending December 1, 1869, was $61,231,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the "Gain" adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety in the secured, and does not exercise proper caution to an ambition to increase the nominal amount of its premiums as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

NATIONAL LIFE INSURANCE CO., U. S. A.,

For the Central and Northern Counties in

NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000 000

in about two years, speaks more for the wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which invention millions have seen, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, the simplicity economy and durability, astonishes all who see it; and the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 11 inch square iron bars, which is capable of sustaining a strain of 130,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON, WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet; Size Bale 4½ feet x36x28½ins; wt. Bale 400 to 550 lbs.

THOS. H. BRUGGS.

T. H. Briggs, Esq.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612.) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

Yours truly, C. W. DIXON.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the pains upon which *the Utley Press works* cheaper, simpler and more durable than any I have met with.

Yours very respectfully, JAS. B. WILDER.

THOS. H. BRIGGS, Esq.: Dear Sir:—In reply to yours of the 13th asking how I was pleased with the Utley Press I used last season, I would say *that it gave entire satisfaction.*

THOS. H. BRIGGS, Esq., Raleigh, N. C.: Sir—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.

T. H. BRIGGS, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds. Yours truly, W. T. HOWLE.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer light than Coal Oil and to be NON-EXPLOSIVE!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and no injurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

BENEFIT LIFE INSURANCE COMPANY

OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. So "Policies surrender values guaranteed" as an inducement to new business, but reference is made to the actual amount, paid on each surrendered policy as shown by New York Insurance Reports, thus in case of having paid larger surrender values, than has been given under a minimum "Cash Surrender Value." Death losses have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "Profits" Dividends are not declared, but Dividends are given from the actual surplus, in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurance, of the

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York *compel* Companies in that State to calculate the Cash values of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
